

To the FCC, respectfully...

I greatly enjoy listening to XM Satellite Radio; I think its traffic and weather channels, in addition to its terrific lineup of commercial-free music, provide a variety and quality that are not available elsewhere.

I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear.

I respectfully urge the FCC to reject the NAB's petition # 04-160 and to support XM's ability to provide the kind of programming I have come to depend on.

Thank you,
Chris L Hoyle
